23<sup>rd</sup> October 2010

Dear Jon & Olivia,

I wish to write this letter to express my thanks for such an exceptional trip organized by you, through Future Foundations, to the University of Cambridge, Churchill College.

Our school is faced with many challenges on a day to day basis of raising the aspirations of our pupils and their families. We have organized many external visits to local universities but the impact of the residential to Cambridge far out weighed them all. Most of our pupils will be the first graduates from their families, and to have the opportunity to visit the best university in the country was an exceptional opportunity.

From the moment we arrived at Cambridge the pupils were thrown into activities to stimulate their minds and get them thinking about their futures. The facilitation was excellent and the organization could not be faulted. The two days were planned meticulously to ensure the range of activities were vast and catered for all our pupils needs. At no point over the two days did pupils say "this is boring" they loved every minute and in fact didn't want to leave.

I cannot thank Future Foundations enough for such an outstanding trip, and look forward to working with you again in the future.

Yours Sincerely

**Debra Watling**
