

3<sup>rd</sup> October 2014

Dear Jon and the NCS Team at Future Foundations,

I am writing to express my pleasure in visiting your NCS Programme this summer.

As NCS Partnerships Manager for UK Youth I visit many great organisations during their NCS delivery but I was particularly impressed by the passion and commitment of some of your staff. During the sessions that I observed, staff clearly understood the NCS Ethos and the aims of the programme. They were particularly skilled in facilitating sessions on social action, which enabled the young people to express and develop their ideas in a positive and supportive environment. Your staff had visibly developed excellent relationships with the participants, which is a credit to the staff training that they had received from Future Foundations.

All of the young people that I spoke to throughout my quality assurance visits of your programme were incredibly engaged with NCS and were genuinely looking forward to doing something positive in their communities. I have no doubt that Berkshire will have greatly benefitted from the social action projects that your NCS participants delivered.

Finally I'd like to thank your delivery staff for being so helpful and making me feel so welcome during my visits. It was truly a pleasure to see your programme in action.

I look forward to seeing more Future Foundations delivery in the future.

Best wishes,

Georgina

Georgina Terry  
NCS Partnerships Manager
